Summary and Experience

To plan, organize and implement and appropriate instructional program in a secondary learning environment that guides and encourages students to develop and fulfill their academic potential. To establish and communicate clear objectives for all learning activities. Skilled in adapting teaching methods to diverse learning styles and fostering a positive and inclusive classroom environment and committed to ongoing professional development.

June 2023- Present

National Model Senior Secondary School

Middle School Teacher

As a dedicated middle school teacher, I excelled in various roles, including serving as the class teacher for Grade 8. I took pride in organizing and conducting talent fest and math exhibitions, ensuring my class's active participation in school assemblies and events. My commitment to student talent extended to grooming them for participation in the prestigious CBSE State Level Cultural Fest. I successfully organized and conducted school Annual Day celebrations. To continuously enhance my teaching abilities in social skills, I actively participated in training sessions organized by CBSE.
