Professional Summary:

Accomplished and dedicated mathematician with extensive experience in curriculum development, teaching, and academic collaboration. Proven ability to deliver engaging and effective instruction across diverse student groups, while integrating educational technologies to enhance learning outcomes. I am skilled in conducting interdisciplinary research and applying mathematical concepts to real-world contexts. Committed to continuous professional growth and meaningful contributions to the academic and research community.

Professional Experience:

ABACUS Trainer, Young Star Centre, Coimbatore — Posted at **CMS Matriculation Higher Secondary School, Ganapathy, Coimbatore**
June 2025 – Present

- Conduct ABACUS training sessions for students from Grade I to VIII.
- Implement engaging teaching methodologies to enhance numerical, analytical, and concentration skills among students.
- Collaborate with school faculty to integrate ABACUS learning with overall academic development.

Lecturer, Capital College of Architecture, Coimbatore
March 2017 – January 2020

- Developed and delivered a comprehensive mathematics curriculum for undergraduate architecture students.
- Provided engaging and interactive lectures on algebra, calculus, statistics, and geometry with a focus on practical applications in architectural design.
- Designed and graded assessments to evaluate student understanding and progress.
- Offered personalized academic support and mentorship, conducting regular office hours and review sessions.
- Collaborated with faculty from architecture and engineering departments to integrate mathematical principles into architectural projects and research.
- Utilized various educational technologies and software tools to enhance teaching and learning experiences.
- Conducted research on the application of mathematics in architecture, contributing to academic publications and presenting findings at relevant conferences.
- Assisted in departmental administrative tasks such as curriculum development and student admissions.

Technical Skills:

- Curriculum Development
- Lecture and Presentation Skills
- Student Mentorship and Support
- Interdisciplinary Collaboration
- Educational Technology Integration
- Research and Academic Writing
- Assessment and Evaluation
- Administrative and Organizational Skills

Education:

M.Sc. Mathematics in **Providence College for Women**, Coonoor, **2015**

B.Sc. Mathematics in **Providence College for Women**, Coonoor, **2013**

Extracurricular achievements:

- **State level** Participation certificate in **Table Tennis**
- Participation certificate in **Chief Minister Trophy** - **Table Tennis**

Personal dossier:

Date of Birth : 22nd June 1992.
Linguistic Abilities : English, Tamil & Badaga
Marital Status : Married
Address : D.No.4B, Vikas Enclave, Rabindranath Tagore Road, Behind CMS School, Ganapathypudhur, Ganapathy, Coimbatore- 641006
